

Residential Vastu for Mr. Rajesh

Findings-

- (-) Directions are not in alignment with magnetic axis
- (+) Internal placement as per vastu
- (-) East corner is cut as per your plan
- (-) Terrace at west-south west

Important

1. Provide slope towards north east level. Please note that entrance is towards south east so do not provide slope that side
2. Any water tank can be made at north corner or north east or east level. Avoid at south east. If it is not provided, we suggested to make a artificial pond here.
3. Septik can be made at west side (behind)
4. Have more stone in foundation at south and west side.
5. Staircase should not come at centre of the house, or else make a wooden staircase

Entrance-

1. Porch area makes the corner cut at east corner. We suggest to make a square construction. Alternatively you can make a verandah with grill covering
2. Main door should be bigger than any other door of the house
3. Use white marble or wooden as a threshold at entrance

Tranquility Zone (Temple)

1. Temple place correctly
2. Temple can be made in marble

Hall/Dining-

1. Seating arrangement is correct as per your plan
2. Use of off white, yellow is recommended in this room (single colour yellow or orange can be painted on north-east wall)
3. Dining table should be preferable square or rectangular
4. We suggest to use more wood than steel or glass. Wood helps to absorb stress.
5. Provide small window or no window at south west level
6. More and bigger window should be planned at north east level
7. We suggest to put a prosperity yantra at north east corner

Bed room –Ground Floor

1. Placement of bed as per plan
2. This room can be used by parents and seniors. Do not give this room to children
3. Room can be painted with off white, white colours
4. Window can be provided at north west.

Kitchen

1. Place of gas & sink as per layout .
2. Use lemon yellow or green colour in the kitchen zone
3. It is auspicious to have tulsi plant in kitchen window or inside the kitchen
4. For good fortune of the family, we suggest to keep a murti (idol) of goddess annapurna in the rice jar

Master Bed room- Upper Floor

1. Placement of bed as per plan. Your plan suggests west which does not give you a quality sleep
2. We suggest to put a wooden flooring or elevated flooring. This is good as master will have good control over family and outsiders.
3. Safe/cash to be placed in the unit facing towards north east
4. We suggest to make a walk in wardrobe above the kitchen. Since toilet falls above the kitchen, we recommend two parts
5. Use of pink, purple and light yellow are good colours for bed room
6. Bigger window can be provided at north west side
7. Mirror can be placed at north east wall not reflecting a bed

Study Room-

1. Study table is placed correctly
2. Provide unit on both the side for books instead of wall at north east
3. Green, live yellow, royal blue stimulates the study. Use these colours here
4. Image of goddess saraswati is auspicious on the study table

Children room

1. Sleeping position as per layout. It is auspicious to have head at east for children, but since house has east in corner- present placement is good.
2. Unit placed correctly
3. Use colours like purple, yellow, green, orange. These are stimulating colours and help for the growth of children
4. Study table is at correct place
5. Extension of north east is auspicious in this room

Toilets

1. Keep curtain between toilet and bath area in each bathroom
2. Avoid blue or black colour in the toilet and bath. Use yellow or green accessories in both the toilet

- Open terrace is recommended at north east side
- Any over head tank should be made above the staircase area
- Purify flooring with rock salt twice a week
- Donate regularly for prosperity & Good health of the family

Enhancing the site power: -

It is auspicious to put a 9 copper pyramid inside the foundation to save from any negative defect & improve site vibrations
It is auspicious to keep a holy cow on plot for few days to purify the space before constructing a site
